### Speaking Part 1

Imagine that you are preparing a project with your friend. You have found some interesting material for the presentation and you want to read this text to your friend. You have 1.5 minutes to read the text silently, then be ready to read it out aloud. You will not have more than 1.5 minutes to read it.

Teenagers are at a crucial stage in their lives where their physical and mental development is of paramount importance, however, a recent survey shows that only 40% of teenagers prioritise their health and well-being. One of the reasons why teenagers avoid taking care of their health is their busy schedules and lack of education and awareness about the importance of health and wellness. To encourage teenagers to prioritise their healthy habits, it is important to make such habits more convenient and accessible. For example, healthy food options at school and regular physical activity can be effective solutions, especially if they are provided and done on a regular basis. It's important to give special attention to the new generation to ensure that they have the best chance of developing into healthy adults.

### Speaking Part 3. Task 2

You are going to give an interview. You have to answer five questions. Give full answers to the questions (2–3 sentences). Remember that you have 40 seconds to answer each question.

#### Tapescript for Task 3

**Interviewer:** Hello everybody! It's Teenagers Round the World Channel. Our guest today is a teenager from Russia and we are going to discuss health issues. We'd like to know our guest's point of view on this issue. Please answer five questions. So, let's get started.

**Interviewer:** Why do you think it is important to do a regular check-up?

**Student:** \_\_\_\_\_

**Interviewer:** What health facilities are there in your neighbourhood?

**Student:** \_\_\_\_\_

**Interviewer:** What can parents or schools do to support healthy lifestyle?

**Student:** \_\_\_\_\_

**Interviewer:** Would you change anything in your lifestyle to make it healthier?

**Student:** \_\_\_\_\_

**Interviewer:** Thank you very much for your interview.

### **Suggested answers for Speaking Part 2. Task 2:**

1. You have to add some information from the task. It should correspond to the task. You should ask: What's the price for a yearly health plan in your centre?
2. There is no auxiliary verb in the question. You should ask: What kind of service is included in the yearly health plan?
3. This is a good question. It will be approved.
4. This question doesn't make sense since it's about a definition of 'extra charges' if there is no definite article. You should ask 'What are the extra charges?' or 'Are there any other extra charges?'

### **Suggested answers for Speaking Part 3. Task 1:**

1. I believe I should eat nutritious food that gives me necessary energy for the day. Eating fruit and vegetables is also very important to get vitamins. These things are important to stay healthy. I eat fast food about once a month. I don't think it's a very healthy choice.
2. I do morning exercises daily. Surely, I do it at home.
3. I think it is important so that one doesn't get an injury. You shouldn't lift objects that are too heavy for you and you should increase the difficulty of exercises gradually.
4. In my opinion, going for walks daily helps reduce stress. I can do it alone or with my friends. When I go for a walk with my friends, it's a lot of fun, so it reduces stress.
5. The last time I was sick was in winter. It was really cold outdoors but my coat wasn't very warm. I had a fever for a few days.

### **Suggested answers for Speaking Part 3. Task 2:**

1. I believe regular check-ups are of utmost importance. They help to find out whether you need any medical assistance. The earlier you learn that there's something wrong with your healthy, the faster you can address the issue.
2. There are a few private medical centres where people can do some tests, for example, blood tests. Unfortunately, there isn't a public hospital in my neighbourhood and I have to travel to one for almost an hour.
3. I know that there are some teenagers that suffer from different allergies. I've heard that more and more teenagers have mental problems because of the pressure with their studies.
4. I believe parents should set a good example themselves by doing a regular check-up or leading a healthy lifestyle. School should encourage good nutrition habits and active lifestyle. They may arrange sports competitions for students.
5. I think I lead a rather healthy lifestyle, so I wouldn't change much. Sleeping more and drinking more water would be most beneficial for me.

## Speaking Part 4. Task 1

Imagine that you and your friend are doing a project "Fitness". You have found some photos to illustrate it but for technical reasons you cannot send them now. Leave a voice message to your friend explaining your choice of the photos and sharing some ideas about the project. In 2.5 minutes be ready to:

- explain the choice of the illustrations for the project by briefly describing them and noting the differences;
- mention the advantages (1–2) of the two types of workouts;
- mention the disadvantages (1–2) of the two types of workouts;
- express your opinion on the subject of the project – which type of workouts presented in the pictures you prefer and why.

You will speak for not more than 3 minutes (12–15 sentences). You have to talk continuously.

Fill in the gaps in the following sample answer:

Hi Sophia, I've found two suitable pictures for our school project "Fitness" and I'd like to tell you about them.

I think we should \_\_\_\_\_ the photos because there are people \_\_\_\_\_ in both of them. The first illustration \_\_\_\_\_ a woman doing yoga, probably at home. In the second picture, there is a group of people exercising in a \_\_\_\_\_. There is an obvious difference \_\_\_\_\_ the pictures in terms of our project. It's in the place where people do sports.

I want to tell you about certain \_\_\_\_\_ of the two types of workouts. When you work out at home, you can do it \_\_\_\_\_ time. You can also train for a short period of time, for example, for 20 minutes. As for working out in a gym, it's more \_\_\_\_\_. You can feel the energy of the group and this \_\_\_\_\_ you additional motivation.

There are also some disadvantages of these two types of \_\_\_\_\_. When you are at home, there is no one to help you if you do something \_\_\_\_\_. If you visit a gym, you may choose the wrong level of \_\_\_\_\_ for your training. This may discourage you \_\_\_\_\_ continuing practising.

Personally, I prefer working \_\_\_\_\_ at home when I'm alone. I usually do it in the morning. It helps me get some necessary \_\_\_\_\_ for the day. I'm an \_\_\_\_\_ and I don't like it when there are lots of people around, so a gym is not for me.

That's all I wanted to tell you about the pictures. Call me back. Bye.

### Sample answer for Speaking Part 4. Task 2:

Hi Lena, I have finally found two good pictures for our school project "Healthy lifestyle." I'm going to describe them to you and express my opinion.

I believe these photos are perfectly suitable because they both show women leading a healthy lifestyle. In the first picture, there is a woman, making a salad in the kitchen. She's smiling and I guess she's enjoying the process. The second picture shows a woman exercising outdoors, perhaps in the park. There is a noticeable difference between the photos. It's in the place the women are trying to stay healthy: indoors or outdoors.

There are some advantages of the two ways of staying healthy. If you eat fresh fruit and vegetables daily, you get necessary vitamins and eat tasty food at the same time. As for exercising outdoors, you breathe with fresh air and get fit.

Unfortunately, I can also name some disadvantages of the two activities. Eating healthy food is rather expensive. It's unpleasant to train outdoors if it's rainy or cold.

For me, it's always nice to do some exercises outdoors. I prefer doing it when the weather is nice and some of my friends can join me.

That's all I wanted to say. Call me back and tell me what you think about the pictures. Bye.

**Fill in the gaps in the following sample answer:**

Keeping fit is of \_\_\_\_\_ importance to \_\_\_\_\_ a normal life. I am currently doing a project \_\_\_\_\_ what teenagers do to stay fit and healthy in Zetland. I have found a table with some results of a relevant \_\_\_\_\_ and I want to analyse the results and express my opinion on the subject of the project.

As can be seen in the table, almost a \_\_\_\_\_ of the respondent keep a diet to stay healthy (30%). One \_\_\_\_\_ of the teenagers do morning exercises. Only 15% of \_\_\_\_\_ surveyed say that swimming helps them.

Interestingly, \_\_\_\_\_ as many of the adolescents go running (20%) as those who do yoga (10%) to stay fit and healthy. This is probably because running is an \_\_\_\_\_ type of sport and it helps to lose \_\_\_\_\_. Yoga is passive, which is why it is not that popular.

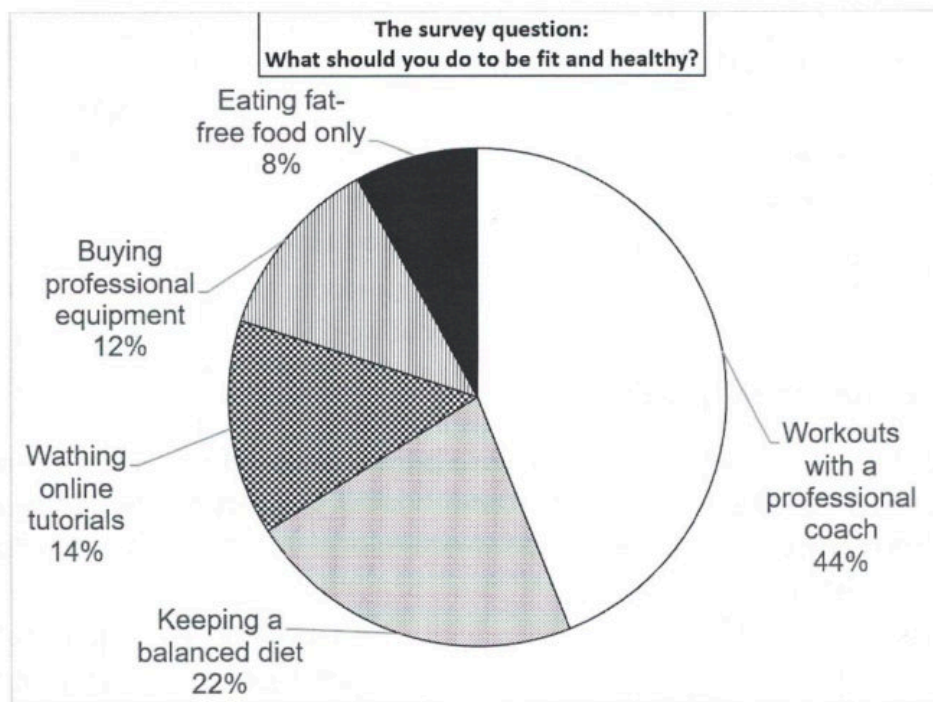

Unfortunately, there is a problem that people usually face when they try to keep fit. They have to do exercises regularly or \_\_\_\_\_ there is no result or people may start \_\_\_\_\_ weight. To solve the problem, one should hire a personal trainer and create a schedule. This will help to train regularly with a lasting \_\_\_\_\_.

In conclusion, I believe that fitness and dieting help me a lot. I feel energetic and can fulfil \_\_\_\_\_ tasks. I hope that I will maintain a healthy lifestyle \_\_\_\_\_ my life.

### Sample answer for Writing an email. Task 2:

Dear Bob,

Thanks for your email. It's great to hear from you again.

In your email you asked me some questions about health. I rarely catch a cold. I believe this is because I wear warm clothes and a hat in winter – the time when most people fall ill. I believe I lead a healthy lifestyle: I do morning exercises regularly, eat fresh fruit and vegetables daily and go to the gym. If I do fall ill, I don't study. After I get over the cold, I catch up with my classmates very quickly.

Great news that your cousin is coming to stay with you. How old is he\she? What are his\her hobbies? Where is your cousin from?

Hope to hear from you soon.

Love,

Bella
